# LEADING WITH LESS

As a global leader in cleaning solutions, we firmly believe that every product we develop must contribute to a sustainable future. That's why we have created a brand-new range of single use wipes and mops that are up to 100% recycled and recyclable with no compromises on the cleaning performance and hygiene of our unmatched Microfibre technology.

This is all part of our drive to help you further reduce your stakeholders footprints by reducing waste and CO<sub>2</sub> emissions throughout the cleaning process. So, take this as an advantage to further grow your business whilst contributing to a healthier planet: **Leading with less.**
